

How to make Matchstick Forests

1. Cut four 6 x 6" squares of 1/4" MDF
2. Use the template below and attach to the MDF with clamps, super glue, or rubber cement
3. Using a 1/8" drill bit, drill a hole through the MDF on each intersection in
4. Using a 1/4" drill bit, drill a hole through the MDF on the large black dot.

1/8" drill bit

1/4" drill bit
