Join us in supporting and/or attending the  
**2nd AZ Wildland Urban Interface (WUI) Summit**  
being held in Prescott, Arizona, October 28-30, 2025.

## **About**

Held in Prescott on October 28-30, 2025, the Arizona Wildland Urban Interface Summit is a statewide event for wildfire preparedness, planning, and postfire recovery. Participants will discuss emergent strategies for landscape-scale wildfire planning and implementation, access professional networking opportunities, and leave with a renewed confidence on how to collaboratively address and manage wildfire concerns – before, during, and after the fire.

This year, the AZ WUI Summit will focus on mitigation strategies that matter, emerging technology for community assessment, statewide updates related to wildfire and safety, fuel treatment maintenance strategies and more.
